October 13, 2017

The International Association of HealthCare Professionals is pleased to welcome Michael Sutker, MD, General and Bariatric Surgeon to their prestigious organization with his upcoming publication in The Leading Physicians of the World. Dr. Michael Sutker is an established surgeon currently serving patients at his private practice, Michael Sutker, M.D., P.A in Dallas, Texas. Moreover, he is affiliated Medical City Dallas Hospital, where he is the Medical Director of Robotic Surgery and the Chair of the Advanced Clinical Advisory Board. Dr. Sutker features over three years of experience in his field and a special expertise in all facets of his work.

Dr. Sutker's acclaimed career in medicine began in 2008, when he graduated from the University of Texas Southwestern Medical Center. Upon earning his Medical Degree, he remained within the same institution to complete his residency training, before undertaking his fellowship training in Minimally Invasive and Bariatric Surgery at the University of California-San Francisco.

To stay current with the latest advances and developments in medicine, Dr. Sutker remains a distinguished member of the Society of American Gastrointestinal and Endoscopic Surgeons, the American College of Surgeons, the American Medical Association, the Texas Medical Association, and the Dallas County Medical Society. He has dedicated his life to delivering the highest standard of quality and compassionate care to his patients, and attributes his success to his exceptional training, availability, and hard work. When he is not assisting patients, Dr. Sutker enjoys spending quality time with his family.
