Top10MD Honors Dallas, TX General Surgeon Michael Sutker, MD

Dallas, Texas – March 7, 2018 – Top10MD – America’s first and only standards-based patient to doctor advocacy service – is pleased to announce Dallas General and Bariatric Surgeon Dr. Michael Sutker is named to its elite team of North Texas providers. Only one in three doctors succeeds with this recognition in the United States meeting the core criteria of a Top10MD.

"It is imperative for patients to have a safe place on the Internet to select a physician, specifically with surgery. The criteria Top10MD places is basic, yet only one in three doctors meet them. As an independent third-party, Top10MD helps patients sort through the mine-field of the Internet, and I am proud to be a part as they help change the dynamics of health care marketing and patient acquisition," says Dr. Michael Sutker.

"We are privileged to recognize Dr. Sutker as a Top10MD," stated Jana Barrington, Founder, and CEO. *"Dr. Sutker is a demonstrated leader in General & Bariatric Surgery. We invite patients to learn more about his knowledge, experience, and skills."*

Dr. Michael Sutker is board certified by the American Board of Surgery. He is a Fellow of the American College of Surgeons. He is fellowship trained in Minimally Invasive (Laparoscopic) and Bariatric Surgery. He has received certification in robotic surgery. Dr. Sutker completed his medical school and residency training at the University of Southwestern Medical School in Dallas, Texas.

The mission of Top10MD is to provide consumers and referring patients with a safe online source for to select a physician for finding a trusted specialist. Credentials are validated annually ensuring consumers a Top10MD meets core standards – creating transparency and trust for all. Top10MD.com launched in Dallas Fort Worth and is building a strong following among consumers and physicians.

According to a [study](#) released this year by Johns Hopkins, medical errors are the third leading cause of death in the United States. In addition, the May 2016 issue of [Consumer Reports](#) suggests many of these doctors are still practicing medicine, making it difficult for patients to determine which doctors are trustworthy and which are “problem doctors.” Top10MD strives to provide patients with access to physicians whose credentials meet criteria.

"Top10MD plans to expand across the United States," says Ms. Barrington. *"Our mission is to help connect patients to doctors in their city, doctors they and their family can trust – the doctor’s doctor."*
